Frequent Buyer Program

Loyal customers get a free Wild Delight® product for every 10 of those products (same item, same size) they buy! It's simple, and it keeps your customers coming back to you! Best of all, it's free, and there is no obligation to retailers!

This program is available to full-line Wild Delight® retailers that wish to participate. When completed forms are received and approved by D & D Commodities Ltd., the Wild Delight® Frequent Buyer Program Kits will be sent directly to the participating retailer.

Index Cards

Retailers receive a free supply of Wild Delight® Frequent Buyer Club cards for their customers. Retailers then complete these cards as customers purchase Wild Delight® products. Customers are entitled to one (1) free product after the purchase of ten (10) of the same product (same item, same size). The retailer then turns the completed card into their Wild Delight® supplier and receives replacement merchandise or credit. This program applies to all Wild Delight® purchases – any product, any size! As consumers purchase products, store employees complete the information on the card (including date and time of purchase). Please use one card for each SKU purchased. When the card is complete (10 purchases made), retailers simply give the customer the free merchandise and indicate so on the card itself (in the space provided). Finally, retailers turn the completed card into their Wild Delight® distributor, who will replace the free product at no cost to the retailer. Additional cards are available at any time, so customers can always be earning (and buying) more great Wild Delight® products!

Envelope

With this method, retailers simply offer a Wild Delight® Frequent Buyer Program envelope to their customers. As in the method above, customers are entitled to one (1) free product after the purchase of ten (10) of the same product (same item, same size). After the customer has collected 10 Wild Delight® UPC codes, he or she simply seals them into the envelope and mails it directly to D & D Commodities Ltd. In turn, we will mail him or her a voucher to use in your store. This program applies to all Wild Delight® purchases – any product, any size!

FREQUENT BUYER CLUB

1 Collect UPC codes from your favorite Wild Delight® product. For every ten (10) UPC codes you send in to Wild Delight®, you will receive a voucher by mail good for one (1) FREE bag of your favorite product, UPC codes must be 10 of the same product and size.

2 Place UPC codes in this envelope. Fill in your name and address in the space provided, then simply stamp & mail this envelope.

Turning Facebook Users Into Wild Delight® Fans

D & D Commodities is utilizing social media to build a strong platform with which to engage outdoor bird lovers. Not only do we provide interesting information about outdoor birds, their behavior and the products they prefer, we give customers the ability to share tips and stories, interacting with one another in a way that benefits us all.

Squirrel management is a hot topic, for example, with our fans sharing strategies for keeping the seed bandits away from bird feeders while still providing them with their own treats. It's a great way to learn from experienced birders, but also a valuable way to hear about D & D Commodities' pepper-flavored blends (which birds love but squirrels hate).

We support retailers through social media, and in turn, wild bird enthusiasts support them as well. Engaged consumers are more educated and more loyal, and that's good news for all of our partners.

Inspire kids to feed birds!

The Cornell Lab of Ornithology and D & D Commodities Ltd. are working to motivate kids to feed birds and appreciate them. As a world leader in the study and conservation of birds, the Cornell Lab is a trusted source for educational resources and citizen-science programs.

INSPIRING YOUNG PEOPLE

With D&D's support, 11,000 educators have received Cornell Lab educational materials, reaching more than 660,000 students.

FEEDING BIRDS AT SCHOOL

Thousands of educators have received free bags of bird seed to help them set up school bird feeders.

BENEFITS FOR YOUR BUSINESS

Encouraging people to engage in citizen science can be good for business. Research shows that the 400,000 people who participate in the Cornell Lab's citizen-science programs purchase more bird seed and bird feeders than the general population.

FREE RESOURCES FOR YOU AND YOUR CUSTOMERS

The Cornell Lab provides a wealth of free resources including bird-feeding tips, identification guides, and information on bird-friendly gardens. These resources help store owners engage customers more deeply in bird feeding and understanding birds.

Helping Wild Delight® Customers Join In The Fight Against Cancer!

\$100k Every Year, More Than \$1 Million Overall

D & D and the American Cancer Society have been working together since 2009 to raise breast cancer awareness and save more lives. In that time, we've donated more than \$1 million to aid in the fight against cancer. We wanted to be part of a cause that benefited the buyers of wild bird food, and breast cancer was a clear choice. It is one of the world's most important issues, and one that is near and dear to our own hearts.

Benefits For Your Customers, Your Business And Cancer Research

Each bag of Wild Delight® outdoor bird food is clearly marked with the American Cancer Society logo and an explanation highlighting the nature of our relationship. Consumers will feel confident about their purchase when they can see firsthand that it's directly benefiting an organization such as The American Cancer Society. This confidence helps retailers as well, increasing sales and improving profit margins in a way that everyone can feel good about.

A \$1 Million Investment From D & D Can Provide:

- \$600,000 in breast cancer research
- 2,000 free nights of lodging for cancer patients
- 2,857 one-on-one support sessions
- 13,333 rides to and from treatment
- 5,000 hours of toll-free phone support

D & D Pioneered The Premium Category In Wild Bird Food Manufacturing.

By removing industry standards such as milo and cracked corn and replacing these low-cost ingredients with bird-attracting sunflower kernels, pistachios and fruits, among other favorites, we offered products never before seen. Along with our Premium quality mixes, retailers loved the cleanliness of our blends as well as our packaging and merchandising displays. To this day, our products are regarded as the upscale option in our customers' wild bird food departments.

Industry Milestones

Here are just a few of the industry "firsts" that D & D has achieved:

1. Studying the new nutritional needs of wild birds and wildlife and adding needed nutrients including vitamins, minerals, essential amino acids and electrolytes to Wild Delight® Advanced Formulas®.
2. Guaranteeing "locked formulas" so that consumers receive the same product with every purchase.
3. Adding real fruit (cherries, cranberries, raisins, papaya, etc.) to its wild bird and wildlife formulations such as its Wild Delight® Nut N' Berry® blend, a product that pioneered the wild bird food industry more than 20 years ago.
4. Introducing and providing support for consumer frequent buyer programs.
